TERM PAPER NOTICE

Attention: Supplementary candidates & Readmitted students

NEP students who had not submitted the Term paper and are marked failed in the 4th semester marks card must apply for the Term paper supplementary examination after the notification. They can write the Term Paper under the guidance of the teacher they have registered. Students who want to change the Guide must get the approval from both the previous and the present Guides and submit the letter with the new Title to the Controller of Examinations latest by the 9th of February 2024. If the previous Guide has left the college, the approval may be obtained from the HOD.

Students readmitted to the 4th semester in the current semester, and had submitted their Term Paper during the previous academic year, need not have to submit the Term Paper again. However they are directed to check in the examination helpdesk whether their marks are entered in the register by their respective Guides.
